

Debora  
**PIGNATELLI**  
**EXECUTIVE COUNCIL**

She is both an outstanding individual and a public servant whose integrity is beyond reproach, whose interest in serving is for all the right reasons, and whose political philosophy is free of extreme views. She approaches each issue with an open and inquiring mind.

Count on me to support our public schools, to advocate for a commuter rail for my home city of Nashua and surrounding communities, to fight the opioid crisis, to keep a women's right to make her own health care decisions, to maintain our excellent judiciary, to watch the dollar carefully, to actively provide constituent services, to treat everyone with respect and to bring a moderate tone to our Governor's Council.
